

To the student

This book will give you the chance to practise your vocabulary in a fun way.

Vocabulary in Practice 1 has:

- 30 units of short, enjoyable exercises – each unit practises groups of words which belong together
- 3 Tests – one after every 10 units, helping you to remember the words from those units
- an Answer Key
- a Word List – this is a list of all the words in each unit with information about how the words are used.

You can use the book in two ways:

- 1 Start at the beginning of the book. Do units 1–30 and then do the Tests.
- 2 Look at the Contents. Do the units you think are important first. When you have finished the book, do the Tests.

You can do each unit in two ways:

- 1 Do the unit and check your answers in the Answer Key. Study the Word List and learn the words you got wrong. Then do the exercise again.
- 2 Study the Word List for the unit. Then do the unit and check your answers.

Note Do the exercises in this book in pencil. Then you can do the exercises again after a week or a month. Repeating the exercises will help you to remember the words.

Here are some ideas to help you to learn vocabulary:

- Learn groups of words which belong together [e.g. skirt, coat, trousers, etc.].
- Learn a word and also its opposite [e.g. beautiful/ugly, hot/cold].
- Draw pictures: some words are easier to remember if you draw a picture and write the word under it, e.g.

hand

spoon

fish

- Write new words in a notebook: write the meaning in English or in your own language, then write a sentence using the word.

I hope you find this book useful and that it makes learning English words fun.
